MESSAGE OF THE EXECUTIVE DIRECTOR

Dear Readers,

This year gives CENTREX reason for celebrating on more points.

After the audits of 2016 exhibition statistics at CENTREX, POLFAIR members an 15-20 p.c. increasing has been experienced in numbers! This just confirms the visible growth in popularity of exhibitions. Of course, there is competition: among communication tools and channels, among companies, among fair organizers. And the main challenge for exhibitions was the Internet, the online media. As we see it is not threat anymore but even GREAT help. Absolute synergy has been established. Thank you Facebook, YouTube and other fellows! To give great help in preparing the chance and way of personal meetings, face-to-face communications!

We LIKE it.

In 2017 CENTREX celebrates 20th anniversary of the foundation. During the 20 years CENTREX became the main exhibition cooperation organization in CEE. The main objective was to give credible information on exhibitions which gave the possibility of building

TRUST.

Participation in preparation of Global Exhibition Day projects at UFI, celebration of GED16 was and is very important for CENTREX to give emphasis to the industry so we like

#GED17.

CENTREX International Exhibition Statistics Union, the non-profit transparency platform of Central European exhibition organizers' since 1997 is proud to present her 19th review of audited exhibition statistics based on jointly implemented international industry standards.

In 2016 the members of the Union, also under accord with the Polish Chamber of Exhibition Industry all their members plus CENTREX guests MuratorExpo and Adriatic Fair – have again been able to set the rigorous transparency regulations in motion, supervise the relevant visitor, exhibitor and exhibition space data – those instituting the market values of the trade fairs in the international competition.

Altogether 286 trade fairs have been brought under the process - the figures have been thoroughly analyzed, supervised and audited by our professionals and our allied partner under the same methodology, directives and indicators – to fully comply with demand from our visitor and exhibitor partners, industry associations, public.

We Love *FAIR* Fairs!

The details are published in the following pages, however some aggregates are willing to come up here: net exhibition space: 1,580,000 sq.m. – increase of 20 p.c, number of exhibitors: 42,000, number of visitors: 2,800,000 – a massive increase of 20 p.c. on a year-to-year basis.

Plus, our new brochure has an enhanced coverage of ***Total Attendance*** – a new look at visitorship category.

It is worth a dip.

Budapest, April 24, 2017

Yours sincerely,

Ildikó Molnár
Executive Director

EXHIBITION STATISTICS AND AUDITING RULES (on 2016)

VISITORS

Number of visitors is calculated on evidence. Number of paying visitors is established through financial evidence: number of sold tickets (prepaid or on the spot) and number of tickets/entry passes paid by the exhibitor or a third party. Season tickets sold are calculated as reasonable. Visitor number of family tickets are calculated as 4 visitors.

Persons arriving with vouchers, registration cards or similar valid free passes, tickets can be counted as visitors only if evidence is available. Number of foreign visitors is established either by tickets sold out at special counters for foreigners, filled in registration cards with evidence of the foreign origin of the visitor or through representative visitor surveys.

TOTAL ATTENDANCE (NEW!)

Total attendance includes number of persons attending to the fairs, calculated on evidence – visitors, exhibitor staff, journalists, speakers and performers at special events during the fair.

SPACE

The contracted space refers only to the area occupied by exhibitors. It corresponds to the number of square meters invoiced and paid for by these exhibitors. Surface areas given under agreements, barter deals are also counted as contracted. Contracted space is divided up in indoors and outdoors rented by exhibitors.

Special show space is where performances, shows, lectures, contests, it relates to the theme of the exhibition and it constitutes part of total net exhibition space.

International exhibition space occupied by international exhibitors (see below).

EXHIBITORS

An exhibitor with his own stand (direct exhibitor) is one who occupies a stand for his company, receives the bill from the exhibition organiser and settles it directly. Co-exhibitors at an exhibitor's stand or participants at a collective stand are also considered as exhibitors for statistical purposes if they exhibit their own goods employing their own personnel on the exhibitor's stand and their autonomy can be undoubtedly recognised even without physical separation. The nature of the participation and the identity of each exhibitor at the stand should be undoubtedly clear from the application form sent to the exhibition organiser.

International Exhibitors

International exhibitors are those exhibitors (companies, organisations) who are either foreign based or evidently being foreign (like embassies) or those of multinational character. (Multinational corporation is an enterprise that manages production or delivers services in more than one country.) The evidence comes from the exhibitor on the application form.
